

curved sail

the curved sail

This high quality curved shower screen is manufactured in market leading 10mm toughened safety glass, which is the thickest curved glass on the UK market.

This sleek shower screen is a completely frameless and is supplied with a chrome stabilising bar (if required), making this a very solid shower partition.

Each Curved Sail shower screen is supplied in "Crystal Clear" low iron glass as standard, which is far superior to standard safety glass.

Ideal for a true wet room applications.
