

Livinghouse taps and bathroom accessories are made from either stainless steel or quality brass and finished in a variety of special finishes such as nickel, gold, copper, brass, rose gold and black chrome.

Please follow the cleaning and care instructions below in order to maintain the original beauty of the product.

General maintenance instructions.

Dry with a soft cloth after each use.

Clean regularly with warm water or a mild pH-neutral liquid soap and with a clean, soft cloth.

Residue left by hygiene products such as shampoo, soap, toothpaste and shower gel should be completely removed by rinsing and removing residue from the fittings with clean water after use.

Do not allow limescale build up on surfaces as this may harm the finish.

A Microfibre cloth is a gentle and effective way for cleaning your bathroom products after use.

Avoid getting household harsh cleaning agents such as bleach or bathroom cleaners on to your fittings.

Any splashes should be immediately rinsed with clean water and dried and should not be allowed to remain on the product surfaces.

To ensure fittings are not damaged do not use harsh cleaning agents containing acidic, caustic or abrasive components such as bleach, alcohol or vinegar.

Do not use abrasive cloths or pads for cleaning as they may damage the surface of your product.

Avoid leaving wet cloths hanging over surfaces such as the spout of a tap.
