PURE MINIMAL SHOWER TRAY INSTRUCTIONS

ES Comprobar que todos los pies/patas están nivelados y a la misma altura.
EN Check that all feet are levelled and are at the same height.
FR Vérifier que tous les pieds sont nivelés et de la même hauteur.

IT Controllare che tutti i piedi/zampe siano livellati e alla stessa altezza.
DE Überprüfen Sie bitte, daß alle Verstellfüße nivelliert und auf gleiche Höhe ausgerichtet sind.

PURE MINIMAL SHOWER TRAY INSTRUCTIONS

- ES** La superficie sobre la que se instala el plato debe ser firme y estable (no debe flexar y/o hundirse), reforzando especialmente zonas críticas, como por ejemplo cortes de columnas.
EN The surface on which the tray is to be installed must be firm and stable (must not flex or sink), especially reinforcing critical areas such as columns or special cuts.
FR La surface sur laquelle est placé le receveur doit être stable et ferme (ne doit pas s'effondrer et/ou fluctuer). Il faut renforcer les zones critiques comme par exemple les recoupes faites sur les receveurs pour des zones avec des poutres ou colonnes.
IT La superficie sulla quale si installi il piatto deve essere rigida e stabile (non deve flectionarsi o affondare), rinforzando specialmente le zone critiche, come per esempio tagli di colonne.
DE Der Untergrund auf den ein Duschboden installiert ist, sollte stets fest und stabil sein (ohne abzusacken und ohne sich zu verformen). Kritische Bereiche sollten entsprechend verstärkt werden, wie z.B. bei Ausschnitten um ein Schachtröhr herum.
